Hi Kate:

In this case I would need all of the items re-tested. If it cannot be done before the March 19 trial date, I understand. We have a final pretrial on this case next Monday. If the case does not get resolved, I anticipate a motion to continue the trial to be made due to the fact that, even if the re-test were done immediately, counsel is going to want the "lab kit" on the re-test and will need time to review it and compare it to the original test.

In any event, I will keep you up to date as to the status.

Thanks

Hi Keith,

I received the samples that you resubmitted to the lab [REDACTED]  
[REDACTED] For court purposes, do you need all of the items re-tested (including the residue on a scale)? Or would it be acceptable if I just re-tested the large heroin and the largest cocaine? If you would like all of them re-tested, I can certainly do that but I just wanted to double check before I opened them.  
Please let me know.

Thanks,
